Vintage continued its long history of providing valuable resources promoting the health and wellness of older adults. Vintage offered a wide array of programs such as yoga and tai chi, dance and art classes, travel to museums and live performances, computer classes, health screenings, informational speakers and daily meals. With a focus on ongoing quality improvement, Vintage identified the digital divide experienced by many older adults as a critical service gap to be addressed. In June of 2020, Governor Wolf announced that Vintage was awarded a grant of $85,000 to create a dedicated technology lab within the Center. This award proved to be very timely given the increased social isolation experienced by many seniors due to the COVID-19 crisis. Without access to technology equipment and internet connection, 40% of Vintage clients cannot utilize online resources including shopping, banking, remote learning, telehealth and virtual social connections. When the facility closed in mid-March for in-person services, Vintage transitioned to supporting seniors in four key areas: food distribution for those in need, phone reassurance calls, maintaining information services, and organizing a lending library for technology equipment to support isolated seniors.

**Vintage Service Statistics (July 1, 2019 – March 13, 2020)**

- Unduplicated Persons Served – Center for Active Adults: 915
- Average Daily Attendance – Center for Active Adults: 123
